Education:

B.Tech in Computer Science (2021 - 2025)
Dumka Engineering College, Jharkhand
Intermediate in Science (I.Sc) (2019 - 2021)
Doon Public School, Dhanbad

Interests:

- Actively play football at the rural level. Have received appreciation and recognition from experienced players and judges, and have won multiple prizes in local tournaments.
- Enjoy watching science fiction movies to explore imaginative technology and futuristic concepts.

Professional Experience:

Android Development Intern

Ardent Computech Pvt. Ltd., Kolkata, India |
June 2024 - July 2024

Tools & Technologies: Android Studio, Kotlin, Java & Front-end Development

- Developed a healthcare mobile application focused on doctor appointment booking using Kotlin and Java in Android Studio.
- Integrated core functionalities like user registration, login, appointment scheduling, and doctor listings.
- Collaborated with the front-end team to ensure responsive design and seamless user experience.
- Worked on debugging and testing to ensure application stability across devices.

Projects:

Vibelink: A social Networking Platform

- Developed collaboratively with college peers, VibeLink is a social networking application inspired by platforms like Facebook and Instagram.
- It allows users to register, connect, greet one another, and engage in real-time chat functionality.
- The platform was built using modern web technologies including HTML, CSS, JavaScript, and React.js, with a focus on responsive UI and smooth user interaction

Language:

English

Hindi

MERN Stack Food Ordering Website

- Developed a full-stack food ordering web application using MongoDB, Express.js, React.js, Node.js.
- Implemented user authentication (Login/Signup) using JWT.
- Built cart functionality and order management system.
