ABOUT ME

Motivated and detail-oriented aspiring software developer with knowledge of HTML, CSS, JavaScript, and basic Java & SQL. Skilled in building responsive web applications and understanding core programming concepts. Quick learner with strong problem-solving abilities and a passion for technology. Seeking an entry-level opportunity to grow and contribute effectively.

EDUCATION

CCS University

2020-2023

Graduated with a Bachelor of Computer Applications (BCA) from HIMT College, CCS University (2020-2023), gaining strong foundations in programming, database management, and web application development.

BCA

Dr. A.P.J. Abdul Kalam Technical University

2023-2025

Completed my Master of Computer Applications (MCA) from HIMT College, AKTU (2023-2025), strengthening my expertise in full-stack development, software engineering, and backend system design.

MCA

EXPERIENCE

Social Cults

18 Aug, 2025 - 25 Feb 2026

Fullstack Web Developer

- Worked on end-to-end development of multiple web projects using Laravel, PHP, MySQL, and modern frontend tools. Built responsive websites and landing pages, and developed CRM modules including To-Do, Calendar, and Invoice systems. Collaborated with cross-functional teams to deliver scalable, production-ready full-stack solutions.

Softechh IT solutions

23 March, 2023 - 08 June 2023

Intern

- Worked on multiple client websites including ASC Chartered Accountant, Amar Electrics, and Proton Cable, delivering responsive UIs and Laravel-based backend solutions with form handling, lead management, and scalable code structure.
