Profile Summary: Results-driven Frontend Developer specializing in React.js , with strong expertise in JavaScript, TypeScript, HTML, CSS, and Tailwind CSS. Experienced in building scalable, responsive, and maintainable web applications with attention to performance and UI/UX. Adept at collaborating in Agile environments, integrating REST APIs, and implementing dynamic interfaces using GSAP animations.

PROFESSIONAL EXPERIENCE

1) 3i Infotech Ltd. – Jaipur, Rajasthan, India

Mar/2025 – present

Associate Software Engineer

Project Overview -RSPCB (IEGS 2.0 - eGOV) – Pollution Monitoring & Data Management System.

- Developed and maintained scalable, responsive web applications using React, ensuring cross-browser and cross-device compatibility.
- Built reusable UI components using TypeScript, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS, improving code maintainability and development efficiency.
- Integrated RESTful APIs in React applications using Axios and Fetch, handling asynchronous data with Promises and React Hooks (useEffect, useState).
- Ensured application security and data integrity by frontend security best practices.
- Collaborated with UI/UX designers, backend developers, and QA teams in an Agile/Scrum environment to deliver high-quality features on time.
- Collaborated in an Agile/Scrum team of 8 members, consistently delivering sprint goals with 95% on-time completion.

2) Adisri Publications - Noida Sec-63, India

Jun/2024 – Aug/2024

Front-End Developer Intern

- Delivered A complete front-end applications for desktop platforms, ensuring high performance and responsiveness.
- Optimized frontend performance by reducing load times, improving rendering efficiency, and following best practices for web performance.
- Implemented GSAP animations and interactive UI elements to enhance user engagement and user experience.
- Built 25+ reusable components with TypeScript, HTML5, CSS3, and Tailwind CSS, reducing development time by 20%.

EDUCATION

• Maharishi Dayanand University, Rohtak – Haryana

Oct/2023 –July-2025

- Masters of Computer Applications 78(SGPA)

• Maharishi Dayanand University, Rohtak – Haryana

Oct/2020 – Oct/2023

- Bachelor of Computer Applications 78%

TECHNICAL SKILLS

- Front-end:** React.js, JavaScript, Typescript, Redux-Toolkit, CSS, Tailwind CSS, HTML, Node.js, Axios, GSAP.
- Programming Language:** Core Java.
- Database:** SQL.
- Other Skill:** RESTful API, Git (Version Control), SVN(Subversion), Netlify (Web Hosting).
- Project Management:** JIRA.

PROJECTS

• Movie App (Netflix Clone - Animation, Infinite scroll)-[Live View](#)

Sep/2024-Oct/2023

- Developed a Netflix clone using **Next.js** and **TypeScript** with **TMDB API** integration for **real-time movie and TV series data**.

AWARDS / CERTIFICATE

- Cognizant **Agile Methodology** via Forage. (Scrum, Waterfall, Comparative Analysis).
