PROFILE SUMMARY

A highly motivated developer with hands on experience in building projects. Skilled in Problem Solving, Debugging and writing clean code. Passionate about delivering high quality software solutions.

WORK EXPERIENCE

Full Stack Developer Intern-Manvian Groups

- Developed responsive user interfaces using React.js, HTML, CSS, and JavaScript.
- Integrated APIs in collaboration with backend developers for dynamic application functionality.
- Built reusable React components and optimized UI performance.
- Ensured responsive design and cross-browser compatibility across web applications.

Frontend Developer - Raisehigh Tech

- Developed scalable and responsive web applications using Next.js, React.js, HTML, CSS, and JavaScript.
 - Built reusable UI components and implemented interactive features for dynamic user experiences.
 - Integrated REST APIs and optimized applications for performance, responsiveness, and cross-browser compatibility.
-

PROJECTS

Top Grade Innovations

- Developed a course management web application with an admin panel for Top Grade Innovation, enabling efficient management of courses and content.
- Built backend functionalities with Django, including authentication, course management, and API integration.
- Designed and managed database operations for storing course details, user data, and progress tracking.

Fiveflow Infrastructure

- Built a web-based dashboard system that allows dynamic website content management without modifying source code.
- Designed an intuitive admin interface for seamless content updates and configuration.
- Improved operational efficiency by enabling non-technical users to manage website content independently.
- Focused on usability, performance, and maintainability in the application design.

Hita Decor

- Developed an e-commerce website for Hita Decor using HTML, CSS, JavaScript, and Django.
- Implemented an admin panel to add, update, and manage products efficiently.
- Enabled catalog upload and product management through the admin dashboard for easy content updates.

EDUCATION

Bachelor of Computer Applications (2022-2025), Dr MGR Janaki College

TECHNICAL SKILLS

LANGUAGES: HTML, CSS, JS

FRAMEWORK: ReactJS, NextJS

DEVELOPER TOOLS: Github, VS Code

DESIGNER TOOLS: Figma

BACKEND: Django

ACHIEVEMENTS

- Web Development by Internzlearn
- MERN: Full Stack Development by Expertisor Academy
- Barclays Lifeskills Training
