SUMMARY

Senior Frontend Engineer with 5+ years of experience building scalable, high-performance web applications and complex user interfaces used by large user bases. Expert in JavaScript/TypeScript, React, and Next.js with strong experience designing component-driven architectures, reusable UI libraries, and responsive design systems. Proven ability to translate product requirements into intuitive, performant interfaces while integrating REST APIs and managing complex application state. Proven track record collaborating with cross-functional teams to design and ship reliable features, improve user experience, and maintain high code quality through testing, code reviews, and modern development workflows.

CORE SKILLS & COMPETENCIES

- **Languages:** JavaScript (ES6+), TypeScript,
- **Frontend Development:** React, Next.js, HTML5, CSS3, DOM manipulation, AJAX, Tailwind, Ant Design, Responsive UI Development, Web Performance Optimization
- **Backend & APIs:** REST API Design, Microservices Architecture, Backend Services, API Integration, Authentication & Authorization, GraphQL (working knowledge)
- **Databases:** SQL, Relational Databases, Database Design, Data Modeling, NoSQL Concepts
- **Cloud & Infrastructure:** AWS, Docker, CI/CD, GitLab Pipelines, Monitoring & Observability (Grafana), Production Debugging
- **Testing:** Unit Testing (Jest), Integration Testing, React Testing Library, Playwright
- **Architecture:** Distributed Systems, Object-Oriented Design (OOP), Design Patterns, Scalable System Design, Agile Development

PROFESSIONAL EXPERIENCE

Instellers Pvt Ltd

Bangalore, India

Software Engineer

04/2025 – Present

- Designed Built configurable platform components enabling enterprise partner integrations (**Standard Chartered Bank**) through REST API integrations and backend services, supporting partner-specific behavior and safe feature rollouts.
- Developed frontend interfaces and backend integrations used by internal teams to visualize and manage large datasets, workflows.
- Owned production quality through on-call support, monitoring dashboards, incident debugging, and performance optimization.
- Contributed to architectural discussions around API contracts, modular system design, and frontend scalability.
- Served as Scrum Master for a 16-person Agile team coordinating cross-team dependencies and delivery timelines.

DoodleBlue Innovation Pvt Ltd

Chennai, India

Senior Frontend Engineer -

03/2024 – 04/2025

- Built real-time, multi-user analytics interfaces supporting collaborative workflows across core product entities.
- Developed internal dashboards and monitoring tools for data visualization, usage tracking, and feature entitlement analytics.
- Implemented onboarding flows and interactive UI components improving product discoverability and user engagement.
- Refactored core product modules improving frontend performance, code maintainability, and component architecture.
- Worked on enterprise-level projects for **Adobe** and **T-Mobile**, building responsive and high-performance web interfaces using **React.js**, **Next.js**, and **Tailwind CSS**.

SDK ITS Solution

Gurgaon, India

Software Engineer

05/2021 – 03/2024

- Developed features interacting with **relational databases and enterprise data systems**, supporting business analytics workflows.
- Contributed to cross-system integrations and internal analytics pipelines.
- Authored technical documentation covering architecture decisions, API integrations, and system workflows.
- Worked on the **EC-Council** platform, developing user-facing interfaces and dashboards for managing cybersecurity courses, certifications, and student progress tracking.

EDUCATION

MCA, Faridabad

Faridabad, India

Master In Computer Application

07/2020 – 06/2022

BCA, Rohtak

Rohtak, India

Bachelor of Computer Applications

05/2017 - 06/2020
