

JAYA KESHARWANI

Fresher Frontend Developer | Aspiring Software Engineer

kesharwanijaya313@gmail.com | +917307217299 | [linkedin.com/in/jaya-kesharwani-894289302](https://www.linkedin.com/in/jaya-kesharwani-894289302) | Varanasi, Uttar Pradesh (Open to Relocate or Work Remotely)

SUMMARY

Certified MERN Stack Developer with extensive hands-on coding experience building 24 full-stack projects. Skilled in building responsive web applications using frontend and backend technologies. Experienced in RESTful APIs integration, JWT authentication, and Git-based workflows. Comfortable working with SQL and adapting to TypeScript-based codebases. Actively seeking an internship or full-time opportunity role to contribute to scalable, production-ready web applications.

EDUCATION

Industry Ready Certification in Full Stack Development (MERN)

NxtWave Disruptive Technologies, Hyderabad

CGPA: 10 / 10

Jul 2024 – Feb 2026

Bachelor of Computer Applications (BCA)

VBS Purvanchal University, Jaunpur, Uttar Pradesh

CGPA: 8.0 / 10

2021 – 2024

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, TypeScript (Basic)

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React JS, React Hooks, Bootstrap

Backend Development: Node JS, Express JS, RESTful APIs, JWT Authentication

Databases: MongoDB, MySQL, SQLite

Tools and Platform: Git, GitHub, Postman, Vercel, Command Line

SOFT SKILLS

- Problem Solving
- Debugging and Code optimization
- Team Collaboration
- Quick Learner and Adaptable to New Technologies
- Time Management & Task Prioritization
- Clear Technical Communication

PROJECTS

1. NxtTrendz – E-Commerce Web Application <https://jayaecomproj.ccbp.tech>

- Developed a full-stack e-commerce web application inspired by Amazon and Flipkart with user authentication, product browsing, and protected routes
 - Implemented JWT-based authentication and authorization to securely manage user sessions
 - Built login, product listing, and product detail pages using React Router
 - Integrated RESTful APIs to dynamically fetch and render product data, and designed a responsive UI using Bootstrap
- Technologies: React.js, JavaScript, REST APIs, JWT, CSS, Bootstrap

2. Spotify Remix – Music Streaming Web Application jayaspotify.ccbp.tech

- Built a Spotify-like music streaming web application with category-based navigation and dynamic content rendering
 - Implemented routing for login, home, playlists, and album pages using React Router
 - Integrated Spotify Developer APIs to fetch and display playlist data dynamically
 - Enabled audio playback using HTML audio elements, and implemented clean UI design for smooth user experience
- Technologies: React.js, JavaScript, HTML, CSS, Bootstrap, Spotify API

3. SimplyTasks – Smart Todo Application <https://simplytasks.ccbp.tech>

- Developed a feature-rich Todo app with CRUD operations, enabling users to efficiently create, update, and delete tasks
 - Implemented advanced functionalities such as bulk task creation, real-time editing, and dynamic state management
 - Utilized browser local storage to maintain task persistence across sessions without backend dependency
 - Designed an interactive and user-friendly UI with task filtering (All, Active, Completed) and completion tracking using checkbox-based state updates
- Technologies: HTML, CSS, JavaScript, Bootstrap

4. Grocery Store Management System – Python Flask Application

- Developed a 3-tier web application for managing grocery products and orders
 - Built backend REST APIs using Python Flask to handle CRUD operations and business logic
 - Integrated MySQL database with the application and connected frontend components for end-to-end functionality and designed a modular backend architecture separating routes, services, and database layers
 - Implemented cart functionality with add, remove, and quantity update features
- Technologies: Python, Flask, HTML, CSS, Bootstrap, MySQL

CERTIFICATIONS

- Industry Ready Certified (IRC) – MERN Stack Developer (NxtWave Technologies)
- Certified Python Programmer (Advance) – (NxtWave Technologies)
- AWS Certified AI Practitioner – Fundamentals
- Microsoft Certified – AI & ML Concepts
