Ghaziabad, Uttar Pradesh, India

Summary

A dedicated and detail-oriented Information Technology undergraduate with hands-on experience in Java, JavaScript, ReactJS, Node.js, and MySQL. I enjoy building practical, user-focused applications—from full-stack web solutions to console-based systems. I am seeking an opportunity where I can contribute meaningfully to real-world projects, learn from industry-level mentorship, and grow into a proficient software developer.

Education

Bachelor of Technology in Information Technology

Dr. A.P.J Abdul Kalam Technical University

Ghaziabad, India

Aug 2021 - July 2025

Intermediate in Science (Physics, Chemistry, Mathematics)

Shri Hans Inter College

Ghaziabad, India

Apr 2020 - Mar 2021

Technical Skills

Programming Languages: Java, JavaScript, Typescript

Database: MongoDB, MySQL, Firebase

Web & Mobile Technologies: HTML, CSS, React.js, React Native, Tailwind CSS, Node.js

Developer Tools: Git, GitHub, Postman, VS Code

State Management: Redux Toolkit, Context API

Experience

Software Engineer Intern

UXDLAB

Dec 2025 - Present

- Built responsive, component-based web interfaces using React.js, TypeScript, and Tailwind CSS to deliver clean and consistent user experiences.
- Developed backend services with Node.js and Firebase, enabling secure authentication and real-time database integration.
- Collaborated using Git and GitHub, managing code versions, resolving issues, and completing assigned tasks on schedule.

Projects

🔗 SaaS Gaming Website | ReactJS, TailwindCSS, GSAP

- Built a fully responsive and modern UI using React.js and Tailwind CSS, ensuring a consistent experience across desktop, tablet, and mobile devices.
- Implemented smooth, high-performance animations using GSAP to enhance user engagement and visual appeal.

🔗 Nexora – SaaS Landing Page | ReactJS, Tailwind CSS, AOS, Spline 3D

- Designed and developed a modern, animated SaaS landing page using ReactJS and Tailwind CSS, showcasing a clean UI and responsive layout across devices.
- Integrated smooth scroll-based animations with AOS and immersive 3D visuals using Spline to enhance user engagement and overall user experience.

🔗 InventoX | React Native, Firebase

- Developed a cross-platform inventory management mobile application using React Native with Firebase Authentication and Firestore, enabling secure login and real-time CRUD operations on stock items.
- Implemented features such as low-stock filtering, item creation/editing, and light/dark theme support, delivering a responsive and user-friendly experience.

Certificates

- Certificate of Completion in SQL by **HackerRank**.
- Certificate of Completion in React JS by **Scaler**.
- Certificate of Completion in Java by **HackerRank**.
- Certificate of Completion in OOPs in Java by **Geekster**.
