

BABY PAL

QA / Manual Testing Engineer | Product & Mid-Level QA Focus
Noida | 8937801698 | babypal0601@gmail.com

PROFESSIONAL SUMMARY

Quality-driven QA professional with a Computer Science background and hands-on experience in manual testing, data validation, and defect management. Solid understanding of SDLC and STLC, with practical exposure to test case design, regression testing, and end-to-end bug lifecycle using tools such as JIRA and TestRail. Prepared for junior to mid-level QA roles in product-based environments with a strong ownership mindset.

QA & TESTING SKILLS

Manual Testing	Functional Testing	Regression Testing
Smoke Testing	Boundary Testing	Negative Testing
Test Case Design	Test Scenarios	Bug Lifecycle (JIRA)

TOOLS & TECHNOLOGIES

Test & Defect Management: JIRA, TestRail
Databases: MySQL (Data Validation Queries)
Programming: Python (Basics), SQL
Web Technologies: HTML, CSS
Utilities: MS Excel (Advanced), Google Sheets, GitHub, VS Code

PROFESSIONAL EXPERIENCE

- Data Entry Executive (MIS)** – Webbee Global Pvt. Ltd. (Nov 2023 – Present)
- Performed functional and data-level validation to ensure MIS accuracy and reliability.
 - Logged, tracked, and retested defects following the complete bug lifecycle (New → Assigned → Fixed → Retest → Closed).
 - Conducted regression checks after fixes to ensure no impact on dependent data flows.
 - Worked closely with stakeholders to clarify requirements and quality expectations.
- Data Entry Operator** – 7 Con Technologies Pvt. Ltd. (Mar 2023 – Oct 2023)
- Executed data processing aligned with functional requirements and quality standards.
 - Performed verification, reconciliation, and retesting activities to minimize defects.
 - Supported QA-style reviews to improve overall data quality.
- Image Annotation Executive** – Cogito Pvt. Ltd. (Aug 2022 – Feb 2023)
- Annotated AI/ML datasets based on acceptance criteria and labeling guidelines.
 - Conducted peer reviews and quality audits to maintain first-pass accuracy.
 - Applied defect prevention techniques to reduce rework.

QA PROJECT & PRACTICAL EXPOSURE

- Designed and executed test cases in TestRail for sample web applications.
- Logged functional, UI, and data defects in JIRA with severity and priority classification.
- Performed smoke and regression testing during simulated release cycles.
- Validated backend data using SQL queries.

EDUCATION

B.Tech – Computer Science Engineering

Dr. A.P.J. Abdul Kalam Technical University – 73% (2021)

12th – UP Board, Kishan Inter College, Meerut – 68% (2017)

10th – UP Board, Gyan Bharti Inter College, Meerut – 61% (2015)

PROFESSIONAL STRENGTHS

- Ready for junior to mid-level QA roles in product-based environments
- Strong understanding of SDLC, STLC, and release testing cycles
- Detail-oriented tester with analytical and ownership mindset
- Consistent performer in fast-paced Agile teams
