

# Abhishek Kumar

Full Stack Developer — Frontend Specialist — MERN & Next.js Engineer

+91-9354562889 | [abhishekumar7226@gmail.com](mailto:abhishekumar7226@gmail.com) | [LinkedIn](#) | Janakpuri, New Delhi

## PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 1+ year of professional experience building scalable web applications using modern JavaScript frameworks. Demonstrated expertise in creating responsive, high-performance user interfaces with React, Next.js, and Tailwind CSS. Proven track record of delivering production-ready features across multiple companies. Strong foundation in MERN stack architecture, RESTful API integration, and agile development methodologies. Passionate about clean code, user experience optimization, and solving complex technical challenges.

## TECHNICAL SKILLS

**Frontend:** JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Design

**Backend:** Node.js, Express.js, RESTful APIs, MongoDB, Database Design

**Tools & Platforms:** Git, GitHub, VS Code, npm, Postman, Chrome DevTools

**Core Competencies:** Form Validation, State Management, Performance Optimization, Cross-browser Compatibility

## PROFESSIONAL EXPERIENCE

### Wealthy Nivesh

Frontend Developer 1

December 2025 – Present

Navi Mumbai, Maharashtra

- Developing responsive financial platform interfaces using React and Next.js, ensuring optimal performance across devices
- Implementing modern UI/UX patterns with Tailwind CSS to enhance user engagement and accessibility
- Collaborating with cross-functional teams to deliver features aligned with business objectives

### Wealthy Nivesh

Frontend Developer

September 2025 – November 2025

Mumbai, Maharashtra

- Built dynamic web components using React.js, reducing page load times by implementing code-splitting techniques
- Integrated RESTful APIs for real-time data rendering and seamless user interactions
- Conducted code reviews and maintained high code quality standards across the development team

### Mobius by Gaian

Frontend Developer

June 2025 – September 2025

Hyderabad, Telangana

- Engineered pixel-perfect UI implementations from Figma designs using HTML5, CSS3, and JavaScript
- Developed reusable React components, improving development efficiency by 30%
- Implemented form validation logic and interactive booking modals with enhanced user feedback mechanisms

### InnoByte Services

Web Developer Intern

October 2024 – November 2024

New Delhi

- Designed and launched a complete website for Kingsukh Guest House using MERN stack technologies
- Integrated interactive features including form validation, booking modals, and dynamic content rendering
- Collaborated effectively in agile sprints, balancing independent work with team coordination to meet deadlines

## EDUCATION

### Dr. A.P.J. Abdul Kalam Technical University

Bachelor of Technology in Computer Science and Engineering, CGPA: 7.21/10

October 2020 – July 2024

Greater Noida

- Dronacharya Group of Institutions — Relevant Coursework: Data Structures, Algorithms, Web Technologies, DBMS

## PROJECTS & ACHIEVEMENTS

**Food Ordering Platform:** Built a full-stack MERN application with user authentication, cart management, and payment integration.

**Technical Training:** Completed advanced MERN stack certification program at AccioJob, focusing on industry best practices and scalable architecture patterns

**Academic Excellence:** Achieved 82% in 10th grade, demonstrating strong foundational knowledge in mathematics and computer science
