SKILLS SUMMARY

- **Languages:** HTML, CSS, JavaScript, Python
- **Frameworks/Libraries:** React.js, Node.js, Express.js, MongoDB, Bootstrap, Tailwind CSS
- **Tools:** GitHub, Microsoft Office, Git & GitHub
- **Platforms:** Visual Studio Code, Canva, Figma, Adobe XD, Adobe Photoshop,
- **Soft Skills:** Excellent Communication, Critical Thinking, Problem Solving, Attention to Detail, Collaboration, Curiosity to Learn

EXPERIENCE

- Frontend Developer Internship | Perforce Delphix** September 25 – March 26
- Worked on developing responsive and interactive web applications using React.js, HTML, CSS, and JavaScript.
 - Collaborated with the team to enhance UI/UX, optimize performance, and integrate REST APIs.
- Full Stack Trainee | KodNest Technologies, Bangalore** February 25- August 25
- Developed proficiency in backend (Python, Django, Java) and frontend technologies (HTML, CSS, JavaScript, React.js).
 - Collaborated on various full-stack projects, enhancing practical knowledge in building end-to-end applications.
 - Built dynamic and responsive user interfaces with HTML, CSS, and JavaScript, ensuring a seamless user experience.
 - Applied problem-solving skills to troubleshoot and optimize both backend logic, APIs and frontend components.

PROJECTS

- Document Submission System | [Link](#)** January 24 - April 2024
- Developed a user-friendly platform using React.js and Node.js, enabling admins to request and manage document submissions from users.
 - Develop a responsive UI using React and Tailwind CSS, cross-device compatibility and a visually appealing layout.
 - Created a runtime environment using Node.js, integrating MySQL to track submission, improving data retrieval.
- Tasko | [Link](#)**
- Tasko a MERN stack-based project management web app enabling efficient task creation, assignment, and real-time progress tracking for teams.
 - Implemented features for task prioritization, project organization, and seamless collaboration with user authentication and responsive UI design.
- Tanvi Contractor | [Link](#)**
- Developed a dynamic MERN stack website for managing contractor services. Implemented an admin panel to manage services, content, and website data dynamically. Designed responsive frontend using React and handled backend operations with Node.js and MongoDB.

EDUCATION

SR Group of Institution affiliated to A.K.T.U, Lucknow	Jhansi, India
Bachelor of Technology in Computer Science and Engineering	2020 - 2024
Shri Radha Krishan Inter College	Orai, India
Class XII - P.C.M	2018 – 2019
S B S M Inter College, Kusmara	Jalaun, India
Class X	2016 – 2017

LEADERSHIP

- Google Developer Club | Web Developer Lead** Sep 2022 - Aug 2023
- Led web development initiatives and guided team members in building and improving web projects.
 - Organized technical discussions and helped students learn modern web technologies such as JavaScript and React.
 - Collaborated with team members to plan and execute development activities and community events.

CERTIFICATIONS

- Namaste JavaScript (NamasteDev.Com) | [\[Certificate\]](#)** March 2022
- This Course is In-Depth JavaScript course, mastering advance concept of JS.
- Namaste React (NamasteDev.Com) | [\[Certificate\]](#)** August 2023
- Learned React.js concepts including hooks, state management, and component lifecycle, applying them to build projects.
