EXPERIENCE

EXILIENSOFT DIGITAL | FRONTEND DEVELOPER

Sep 2025 – Present | Noida, Uttar Pradesh

- Built and optimized responsive, high-performance web applications using **React.js**, **JavaScript (ES6+)**, **HTML5**, and **CSS3**.
- Converted **Figma/UI designs** into pixel-perfect, reusable UI components following modern frontend best practices.
- Implemented **RESTful API integrations** using Axios/Fetch for dynamic data handling and seamless backend communication.
- Improved application performance through **code optimization**, **component reusability**, **lazy loading**, and **state management**.
- Collaborated with designers, backend developers, and QA teams in an **Agile/Scrum environment** to deliver scalable features.

UXDLAB SOFTWARE | SOFTWARE ENGINEER

Jan 2025 – Jun 2025 | Noida, Uttar Pradesh

- Assisted in developing interactive web interfaces using **HTML5**, **CSS3**, **JavaScript**, and **React.js**.
- Worked on implementing **responsive layouts** and reusable components to support multiple screen sizes.
- Integrated frontend components with **REST APIs** and handled dynamic data rendering.
- Fixed UI bugs, improved code quality, and enhanced user experience through regular refactoring.
- Collaborated with mentors and team members to understand **Agile development practices** and sprint-based delivery.

PROJECTS

IBYOUTLET

LIVE DEMO

- Built a **role-based admin dashboard** to manage orders, users, and delivery status.
- Implemented **secure REST API integration** using **TypeScript models** for type-safe data handling.
- Developed **responsive, reusable UI components** with Tailwind CSS and Bootstrap.
- Managed global state using **Redux Toolkit** for authentication and order workflows.

ACRIMFILMS TV

LIVE DEMO

- Developed a **movie streaming web application** with trailers and subscription plans.
- Designed a fully **responsive UI** for browsing content across devices.
