SUMMARY

Passionate computer engineering student combines creativity and technical expertise to design innovative technology solutions, seeking growth opportunities within a dynamic team.

EDUCATION

BACHELOR OF COMPUTER ENGINEERING Rajendra Mane College of Engineering and Technology, Ambav (University of Mumbai)	2021 - 2024 9.18 CGPA
HSC Abhyankar Kulkarni Jr. College of Arts and Science, Ratnagiri (Maharashtra Board)	2018 - 2020 69.38 %
SSC R. B. Shirke Highschool, Ratnagiri (Maharashtra Board)	2012 - 2018 92.20 %

TRAININGS & INTERNSHIP

SYMBIOSIS SKILLING CENTER, PUNE • Learnt programming languages like Python & R. • Worked on frameworks like Flask and Django. • Data analysis and visualization using libraries like matplotlib, seaborn, pandas & numpy. • Hands on experience.	June, 2023
---	------------

PROJECTS

INSIGHTTRACK (EXPENSE & HABIT TRACKER) • Developed a React and TailwindCSS web app to track daily expenses and habits with full CRUD functionality. • Implemented habit streaks, search with highlight, and dynamic dashboard showing daily and monthly statistics. • Built responsive interface with light/dark mode for seamless user experience.
INTERACTIVE PHOTO GALLERY • Built a responsive photo gallery with search, category filters, and lightbox using HTML, CSS, and JavaScript. • Added favorites feature with localStorage for persistent user selections. • Created modern UI with hover animations and consistent grid layout.
COUNTDOWN WEBSITE • Developed a countdown timer with dynamic circular progress. • Implemented loud alarm and automatic reset using HTML, CSS, and JavaScript.

SKILLS

Technical Skills: HTML, CSS, Javascript, React.js, Bootstrap, Tailwind CSS, SQL, MongoDB, Python
Tool: Figma, Canva, Git & Github
Soft Skills: Creative Thinking, Quick Learner, Active Listening

CERTIFICATES

Google Prompting Essentials - Coursera (Writing & designing prompts | Using AI as partner Tools Canva Figma)

Career Edge-Young Professional - TCS-ION (Communication | Presentations | Corporate Etiquette)
