NOIDA

OBJECTIVE

Motivated and detail-oriented MCA graduate from Galgotias University with a strong foundation in computer applications, front-end development, and Python. Seeking a position in the IT industry where I can leverage my skills and technical expertise to contribute to organizational success and personal growth.

EDUCATION

GALGOTIAS UNIVERSITY

Master of Computer Application (2023-2025)

ACADEMIC PROJECT

HOUSE PRICE PREDICTION USING ML: This project provides us an overview on how to predict house prices using various machine learning models with the help of different python libraries. This proposed model considers as the most accurate model used for calculating the house price and provides a most accurate prediction.
