EDUCATION

B.tech: Computer Science and Engineering - 2024

RV Institute of Technology, Bijnor (AKTU University, Lucknow) • 8.62 CGPA

Intermediate: PCM - 2020

SS Bajwa Modern Academy, Barhapur (CBSE Board) • 90.8%

EXPERIENCE

Web Developer Training & Internship

Xtrude Engineer's

Noida

- Learned and applied full-stack development concepts through hands-on projects.
- Built small-to-medium web applications using React, Node.js, and databases.
- Collaborated on real-world project tasks and followed Git-based workflows.

Web Developer Internship

UPBS Technology

Sector 62, Noida

- Developed responsive websites like Careergennie, Excelerounited, Aggregatorindia.
- Built frontend using React.js, HTML, CSS, JavaScript.
- Developed backend with Node.js/Express.js and integrated with WordPress.

Full Stack Developer

Delimp Technology

March 2025 - Present, Noida, Sector-2

- Built full-stack applications using Next.js, React, Node.js, and Express.js.
- Developed REST and GraphQL APIs with JWT and Clerk authentication and role-based access.
- Designed and managed databases using MongoDB and PostgreSQL (Supabase) with optimized schemas.
- Integrated Stripe payments, AWS S3, MSG91 OTP/SMS, and deployed on Vercel, Coolify, and cPanel.

PROJECT

American Elite – Cab Booking Website

- Full-stack cab booking platform using Next.js and MongoDB.
- Implemented JWT & Clerk authentication, Stripe payments, COD, AWS S3, and Brevo emails.
- Deployed on Vercel with production-ready configuration.

Cab Booking Admin Dashboard

- Built an admin dashboard using Next.js and MongoDB to manage rides, services, users, and payments.
- Implemented JWT-based authentication and AWS S3 for asset storage.
- Created a responsive, role-based interface for operational management.

DOC2U – Doctor Appointment System

- Developed an appointment booking system using Next.js and PostgreSQL.
- Implemented JWT authentication and SMS/OTP verification via MSG91.
- Built secure patient-doctor scheduling workflows with responsive UI.

Payment Integration & Dashboard – Recess in Roswell

- Implemented Stripe one-time and subscription payments.
- Built dashboard for payment and subscription management.
- Handled secure checkout flows and webhooks.
