PROFILE

Passionate **Flutter + AI Developer** building intuitive, scalable mobile applications with seamless user experiences and optimized performance for real-world deployment.

TECHNICAL SKILLS

Languages: Dart, C++, Python

Frameworks/Libraries: Flutter, Node.js, Provider, RiverPod, Bloc

Databases: Firebase (Auth/Firestore/Storage), MongoDB

Developer Tools: Git, GitHub, VS Code, Play Console

EXPERIENCE

Puri Web Solutions | Internship

On-Site

Flutter Developer Intern

Jun 2025 – Dec 2025

- Developed **5+ client-focused mobile applications** across diverse domains including Quick-commerce, Food Delivery, and E-learning platforms.
- Collaborated directly with clients to understand project requirements, translating business needs into technical implementations and delivering solutions aligned with their vision.
- Built scalable, production-ready applications with features like real-time order tracking, payment gateway integration, and interactive learning modules.
- Gained extensive experience in **end-to-end app development**, from requirement gathering to deployment and client handoff.

Reto India | Internship

Remote

Flutter Developer Intern

Mar 2025 – May 2025

- Developed a fully functional E-commerce application during internship at Reto India.
- Contributed to building key features including user authentication, product catalog, cart functionality, and seamless navigation.
- Focused on state management, UI/UX enhancements, and app optimization for better performance.
- The application is live on the Play Store: **Reto India** [↗](#)
- Internship Certificate** [↗](#)

PROJECTS

Laptop Hubs [↗](#) | Flutter, Firebase, Provider, Google Maps API

2025

- Developed a comprehensive laptop business application with **admin panel** handling E-commerce, inventory management, retailer and wholesaler operations, warranty claim, and sales dashboard features.
- Implemented multi-role functionality supporting retailers, wholesalers, and end customers with role-based access.
- Live on Play Store:** Laptop Hubs [↗](#)

Sandhya Mart [↗](#) | Flutter, Google Maps API, Firebase

2025

- Developed a Quick-commerce with features including product purchasing, cart management, and order tracking.
- Implemented **real-time map integration** in the delivery boy app for live order tracking and route optimization.
- Built an **admin panel** with product management, inventory control, and order monitoring features.
- Live on Play Store:** Sandhya Mart [↗](#)

EDUCATION

Institute of Technology and Management, GIDA

Gorakhpur, India

B.Tech in Computer Science and Engineering | CGPA: 7.0

Aug 2022 – May 2026
