PROFESSIONAL SUMMARY

Frontend-Focused Full Stack Developer skilled in building responsive, performance-optimized applications using React.js and Tailwind CSS, integrated with RESTful APIs using Node.js and PostgreSQL. Strong in component architecture, state management, JWT authentication, and scalable application design.

SKILLS

Frontend: HTML, CSS, Tailwind CSS, JavaScript, React.js

Backend: Python, Java, SpringBoot, Node Js

Databases: PostgreSQL

EXPERIENCE

Visys Cloud Technologies, Hyderabad, India

Feb 2025 – Oct 2025

Associate Software Engineer

Tech Stack: HTML, CSS, Tailwind CSS, JavaScript, React.js, Node.js, PostgreSQL

Key Responsibilities:

- Developed responsive and reusable UI components using React.js with Hooks and dynamic state management.
- Integrated RESTful APIs using async/await and optimized API error handling.
- Improved frontend performance through lazy loading, code splitting, and optimized rendering.
- Built and consumed REST APIs using Node.js and Express for business logic and CRUD operations.
- Designed and optimized PostgreSQL schemas and queries ensuring data integrity.
- Implemented JWT-based authentication and protected routes for secure access control.
- Collaborated with cross-functional teams to deliver scalable, production-ready features.

Nxtwave Disruptive Technologies, Hyderabad

May 2023 – May 2024

Java Full Stack Trainee

Technologies Learned: HTML, CSS, JavaScript, React.js, Java, Spring Boot, SQL, Python

- Completed structured training in Full Stack Web Development, building end-to-end applications using React.js (frontend) and Spring Boot (backend).
- Gained hands-on experience by developing personal and practice projects including a To-Do List App, ECommerce Layout, Jobby Job Search Application, Netflix Clone, and Customer Bulk Data Application

PROJECTS

AI4Tailor – Role-Based Full Stack Application

Tech Stack: React.js, Tailwind CSS, Node.js, PostgreSQL

Live: <https://ai4tailor.com/>

- Developed a role-based web platform with dynamic Customer and Tailor dashboards using React.js.
- Implemented JWT authentication and role-based access control (RBAC) with protected routes.
- Built responsive, reusable UI components and integrated RESTful APIs using async/await.
- Designed and consumed APIs for order management, measurement storage, and status tracking.
- Structured PostgreSQL database schema with optimized queries for workflow efficiency.
- Implemented form validation, centralized error handling, and secure token management.

Patny Sanitary – Product Catalog & Admin Management System

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, PostgreSQL

Live: <https://patnysanitary.com/>

- Developed a responsive product catalog platform showcasing sanitary and interior products with dynamic category-based routing.
- Built reusable React components and structured product detail pages for improved user navigation.
- Designed a mobile-first UI using Tailwind CSS to enhance product visibility and user experience.
- Integrated RESTful APIs for product listing, inquiry handling, and dynamic data rendering.
- Implemented a secure Admin Portal for managing categories, products, and customer inquiries.
- Added form validation and backend integration for structured inquiry management.

Corporate Astrology – Dynamic Service & Admin Management Platform

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, PostgreSQL

- Developed a full-stack platform to showcase company branding, astrologer profiles, services, blogs, videos, FAQs, and consultation details.
- Built a secure **Admin Panel** enabling dynamic management of all website content including services, team members, blogs, media, and FAQs.
- Implemented birth detail submission forms, contact modules, and payment-related workflows with backend validation.
- Developed responsive UI with React.js and implemented authentication with protected admin routes.

EDUCATION

Aurora's Technological and Research Institute, Hyderabad	2020 - 2023
B Tech (Bachelor of Technology)_Mechanical Engineering (ME) (6.44 CGPA)	
Govt Polytechnic College, Nalgonda	2017 - 2020
Diploma_Mechanical Engineering (ME) (78.76%)	
Zilla Parishad High School, Mancherla	2016 - 2017
Secondary School Of Certificate (8.5 CGPA)
