

Piyush Daryapurkar

Frontend Developer (React.js, Redux Toolkit)
+91-7999829269 — piyushdaryapurkar309@gmail.com
GitHub — LinkedIn

Summary

Frontend Developer with hands-on experience in React.js, Redux Toolkit, and JavaScript, focused on building responsive and scalable web applications. Strong in authentication systems, CRUD operations, and REST API integration. Practiced Data Structures and Algorithms using C++ with a focus on problem-solving and optimization.

Skills

- Frontend: React.js, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- Backend: Python, Django, Django REST Framework (DRF)
- Programming: C++, Data Structures & Algorithms (DSA)
- Database: MySQL, JSON Server
- Tools: Git, GitHub, VS Code
- Concepts: REST APIs, CRUD Operations, Authentication, State Management, API Integration

Projects

OTT Web Application — React.js

Project Link

- Built a responsive OTT platform using React.js with component-based architecture
- Implemented authentication system including signup, login, and logout with validation
- Developed admin dashboard to manage users and content using full CRUD operations
- Applied React Context API for efficient global state management

Admin Dashboard — JavaScript

Project Link

- Designed a responsive dashboard using JavaScript, HTML, and CSS
- Implemented authentication system with proper validation and error handling
- Managed application data using CRUD operations integrated with JSON Server
- Used Fetch API and DOM manipulation for dynamic UI updates

User Management System — React.js, Redux Toolkit

Project Link

- Developed a scalable user management system using React.js components
- Implemented CRUD operations for efficient data management
- Used Redux Toolkit for centralized state management
- Integrated backend services using JSON Server for real-time data updates

Experience

Frontend Developer Intern

May 2025 – Nov 2025

Newrise Technosys Pvt. Ltd.

- Developed responsive web applications using React.js, JavaScript, HTML, and CSS
- Integrated frontend with Django REST APIs for dynamic data handling
- Used Git and GitHub for version control and team collaboration
- Enhanced UI components and optimized performance for better user experience

Education

B.Tech in Electrical & Electronics Engineering
Corporate Institute of Science and Technology, Bhopal

2024

Certifications

- Python Full Stack Development – Cybrom Pvt. Ltd.
- Python Development Test – Infotech Solutions
