PROFILE SUMMARY

Entry-level Software Engineer with internship experience in backend and database-driven application development. basic knowledge in SQL, REST APIs . Familiar with Oracle SQL and currently building PL/SQL skills (procedures, cursors, exception handling). Interested in database, core banking, and production support environments.

EDUCATION

JECRC Foundation

Bachelor of Technology in Electronics and Communication Engineering

Jaipur, India

Nov 2021 – May 2025

EXPERIENCE

Junior Full-Stack Intern

Kvon Technologies

Feb 2025 – July 2025

Jaipur, India

- Developed backend-driven web applications using Node.js, Express.js, and MongoDB.
- Designed and implemented REST APIs for authentication, user management, and data processing workflows.
- Implemented role-based access control and secure data handling using JWT authentication.
- Wrote database queries to store, retrieve, and update structured application data.
- Collaborated with team members using Git for version control and deployment support.

PROJECTS

SkillLoop – Skill Exchange Platform

May 2025

Node.js, Express.js, MongoDB, HTML, CSS, JavaScript

- Built a full-stack platform enabling users to exchange skills through a credit-based system.
- Designed secure authentication and authorization using JWT and role-based access control.
- Developed backend logic and database operations for quizzes and leaderboard modules.

Fashion E-commerce Landing Page

May 2025

HTML, CSS, Bootstrap

- Designed a responsive e-commerce landing page with product components and filtering UI.

TECHNICAL SKILLS

Programming: JavaScript, C

Backend: Node.js, Express.js, REST APIs

Databases: SQL (Joins, Aggregations, CRUD), Oracle (learning), MongoDB

PL/SQL: Procedures, cursors, exception handling (learning)

Frontend: HTML5, CSS3, React.js

Concepts: DBMS, Client–Server Architecture, Authentication vs Authorization, RBAC

Tools: Git, GitHub, Postman, VS Code

TRAINING & CERTIFICATIONS

Full Stack Web Development Training

Upflairs Pvt. Ltd.

June 2023

Jaipur, India

Embedded Systems Summer Training

Upflairs Pvt. Ltd.

June 2022

Jaipur, India

ACHIEVEMENTS

- Completed 6-month industry internship with hands-on backend and database project experience.
- Built and deployed multiple academic and personal software projects.
- Continuously practicing SQL and backend problem solving.
