EDUCATION

Bachelor of Technology Pragati Engineering College

08/2022 - Present

Surampalem, Kakinada

Information Technology

– 7.1 GPA

Intermediate Sri Prakash Junior College

06/2020 - 03/2022

Payakaraopeta

MPC

– 5.9 GPA

SSC Loyola English Medium School

03/2019 - 03/2020

Tuni

SSC

– 9.8 GPA

PERSONAL PROJECTS

Grammar Scoring Project (02/2025 - 03/2025)

- Developed a Python application to assess grammar accuracy of text input, implementing scoring logic to identify and quantify grammatical errors.
- Enhanced user feedback by categorizing error types (e.g., punctuation, syntax, spelling), improving educational feedback quality.
- Skills Used: Python, NLP, NLTK, Regex, File Handling.

AI-Based Signature Verification (01/2026 - 03/2026)

- Built a CNN-based signature verification system achieving 96%+ accuracy in classifying genuine vs. forged signatures.
- Designed an OpenCV preprocessing pipeline (grayscale, noise removal, 64×64 resize) and trained a TensorFlow/Keras deep learning model.
- Skills Used: Python, CNN, TensorFlow/Keras, OpenCV, Flask, HTML/CSS.

Slot machine game using python (03/2025 - 04/2025)

- Built a slot-machine style arcade game in Python that simulates spinning reels, paylines, and randomized win/lose states.
- Implemented game logic to handle user input, payout calculation, graphics/UI (if used), and randomness fairness.
- Skills Used: Python, Random module, Control Structures, Problem Solving.
