TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Node.js, Typescript, JQuery

Frameworks & Libraries: React.js, Express.js, React Query

Database: MongoDB, SQL

Tools and Platforms: GitHub, Visual Studio Code, Cursor, Postman, Mermaid Editor, Shopify 2.0, Windsurf AI Tool

WORK EXPERIENCE

404 Minds Technology Pvt Ltd : (Software Developer Intern)

May 2025 – Nov 2025

Project 1:

- Developed a responsive E-commerce web application using React.js with reusable, component-based architecture.
- Integrated REST APIs via Open API tools, auto-generating API clients to streamline communication with the backend.
- Integrated REST APIs using React Query and Axios, enabling optimized server-state management and real-time UI updates.
- Managed component reactivity and lifecycle efficiently with React Hooks.

Project 2:

- Developing a risk assessment web app to identify and classify organizational risks and their causes.
- Using React 19 with JavaScript for dynamic UI and efficient data fetching.
- Used Git for version control, managing feature branches and maintaining clean commit histories.
- Integrated error handling mechanisms using Axios interceptors and centralized alert systems.

PROJECTS

Job Dekho Website: ([Link](#))

Dec 2024 – Jan 2025

Tech Stack: HTML, CSS, JavaScript, React.js

- Integrated API's for fetching a job listings, applications, and user data.
- Designed and developed a UI of job portal using the JavaScript and Reactjs.
- Implemented responsive design to ensure smooth experience across devices.
- Access comprehensive information about job postings, including descriptions and company details.

Expense Tracker: ([Link](#))

Oct 2024 – Nov 2024

Tech Stack: Node.js, Express, MongoDB

- Added JWT-based authentication for secure user login and data protection.
- Integrated MongoDB as the primary database for storing and managing user expense data efficiently.
- Implemented a robust RESTful API using Node.js and Express to handle CRUD operations for expenses.
- Tested API endpoints using Postman to ensure proper functionality and reliability.

World Atlas Website: ([Link](#))

Sep 2024 – Oct 2024

Tech Stack: HTML, CSS, JavaScript, React.js

- Created an interactive world atlas showing countries with key details like capital, population, and region.
- Used dynamic content rendering with JavaScript and React to enhance UX.
- Displayed information about countries, including name, capital, population, and region.
- Utilized React components and hooks to manage application state and enhance user interaction.

EDUCATION

Chandigarh University

June 2025

Bachelor of Engineering in Computer Science

7.65/10

Wisdom Public School

2020

CBSE: 12th

77%

CERTIFICATIONS

Introduction to Web Development (HTML, CSS, JavaScript):

June 2023

- IBM(Coursera)
- Experienced in creating web applications with a strong foundation in front-end development.
