PROFESSIONAL PROFILE

Full Stack Developer with over 5 years of experience in web and mobile development, specialized in PHP (Laravel), JavaScript (Vue.js, React), and scalable backend systems. Strong background in API development, process automation, and cloud infrastructure with Docker and AWS.

Experienced in full-cycle development: architecture, development, automated testing, deployment, and optimization. Business-oriented mindset acquired from years as an entrepreneur, focused on delivering scalable, high-performance, and maintainable solutions.

PROFESSIONAL EXPERIENCE

ShipSmart – Full Stack Developer

Jun 2025 – Present | Remote

- Developing and scaling web applications using **Laravel (PHP)** and **Vue.js**
- Maintaining and refactoring legacy systems for better **performance, security, and scalability**
- Designing and integrating **RESTful APIs** and third-party services
