SUMMARY

A passionate Laravel Developer seeking a challenging role to apply my skills in PHP, MVC architecture, and database management. Focused on building efficient and scalable web applications. Committed to continuous learning and contributing to organizational growth.

WORK EXPERIENCE

INFLIBNET Centre

June 2025 – Oct 2025 | Jan 2026 – Present

- Developed web applications using Laravel MVC with MySQL, implementing efficient CRUD operations and database design.
- Managed full project lifecycle, integrating frontend and backend while applying Agile practices and debugging solutions.

PROJECTS

CONFERENCE MANAGEMENT SYSTEM (CMS)

Jan 2026 - Present

<https://cms.inflibnet.ac.in>

- Developed a Conference Management System using Laravel and MySQL, enabling registration, paper submission, and review workflows.
- Implemented role-based access control and streamlined processes to improve efficiency and transparency.

HUMAN RESOURCES DEVELOPMENT (HRD)

June 2025 - Oct 2025

- Migrated HRD Training & Consultancy System from Core PHP to Laravel for improved scalability and maintainability.
- Implemented a role-based system with three user types: Users, Coordinators, and Super Admin for managing training programmes and activities.
- Developed modules for registration, workshop management, and scheduling using Laravel and MySQL.
