

Ranjeet Kumar

I'm a professional Frontend Developer with experience in building responsive and user-friendly websites and web applications using HTML, CSS, JavaScript, React, and WordPress. Skilled in creating modern UI designs, improving website performance, and developing mobile-friendly interfaces. Strong understanding of frontend development principles with a focus on clean code, usability, and seamless user experience.

WORK EXPERIENCE

Web Developer

Code Creation Studio

2025 - Present | 1 Year

Palampur, H.P.

- Built full-stack web applications using React.js, Node.js, and MySQL, supporting live production deployments for real clients.
- Managed and maintained live production websites, handling client deliveries and ensuring zero-downtime updates.
- Collaborated with senior developers in an agile team environment, participating in sprint planning, code reviews, and pair programming sessions.
- Contributed to the full development lifecycle — from requirements gathering to deployment — on multiple concurrent client projects.

PHP Developer

Solitaire Infosys, Mohali, Punjab

Full-Time | 6 Months

Mohali, Punjab

- Developed server-side applications using Core PHP and the Laravel framework, building RESTful APIs and backend modules.
- Worked extensively on database design and optimisation with MySQL, including query tuning and relational schema design.
- Gained hands-on exposure to a real-world project lifecycle including requirement analysis, development, testing, and code reviews.

LIVE PROJECTS

MedGear & PhysioGear — E-Commerce Stores

Shopify | Custom Theme Development

Designed and deployed two professional Shopify e-commerce stores for medical and physiotherapy brands — custom themes, structured product listings, and UI optimisation for improved conversions.

DPRT — Shopify Website

Shopify | Responsive Layout

Developed a complete Shopify store with a custom theme, fully responsive layout, and a seamless checkout experience tailored to the client's branding guidelines.

Code Creation Studio — Web Application

React.js + Node.js + MySQL | Live Production

Full-stack web application with a React frontend, Node.js backend, and MySQL database — currently live in production at codecreationstudio.com.

Devbhoomi Films — Corporate Website

WordPress | Custom Theme & Multimedia

Designed a visually rich WordPress website for a film production company with custom layouts, image galleries, and full multimedia integration.

MayankCustom.in — E-Commerce Website

WordPress | SEO-Optimised

Developed and deployed a fully responsive, SEO-friendly custom WordPress website for a personalised product e-commerce brand.

TRAINING & CERTIFICATIONS

PHP & Laravel — Industrial Training

Solitaire Infosys, Mohali (6 Months)

Intensive training in Core PHP, Laravel framework, MySQL database design, and real-world project lifecycle management.

Full-Stack Web Development

Code Creation Studio (1 Year)

Professional experience in React.js, Node.js, agile development workflows, and client project delivery.
