Education

Vasireddy Venkatadri Institute Of Technology

Computer Science and Engineering

June 2020 – April 2024

Guntur, Andhra Pradesh

Professional Summary

A passionate software developer specializing in Java and full-stack technologies. Skilled in developing responsive front-end interfaces using ReactJS and dynamic backends with Spring Boot. Strong foundation in problem-solving, data structures, and database management. Looking to leverage technical skills and creativity in a growth-oriented software development role.

Relevant Coursework

- DBMS
- Front end Technologies
- OOPS

Projects

WeatherApp | *React.js, CSS*

git link January 2022

- Developed a WeatherApp using React.js, JavaScript, and Axios for API integration, showcasing strong proficiency in front-end development technologies.
- Successfully integrated the OpenWeatherMap API to provide real-time weather data, demonstrating problem-solving skills and competence in API integration.

E-Commerce | *React.js, CSS*

git link August 2022

- Discover the latest fashion trends with our exclusive range of men's, women's, and kids' wear. Whether you're looking for casual, formal, or festive outfits – we've got you covered. React.js, CSS.
- Enjoy a smooth, user-friendly interface designed to make browsing and purchasing effortless. With fast-loading pages and intuitive navigation, shopping becomes a pleasure.

FOOD-DELIVERY APP | *React.js, CSS*

git link January 2023

- The project includes structured React.js and CSS files for components like Navbar, FoodDelivery, FoodItems, Menu, Cart, and LoginPopup, ensuring a visually appealing and user-friendly experience.
- It uses React Router DOM for smooth navigation between different pages like Home, Menu, FoodItems, Navbar, StoreContext, Cart, and Order Placement.

Technical Skills

Languages: Java, Python

Front End Technologies: HTML, CSS, JavaScript, React

Back End: Spring, Spring Boot

Database:SQL

Developer Tools: VS Code, Eclipse

Version Control: Git, GitHub

Certificates

- HTML/CSS and Python - Udemy
- Learn JavaScript - Udemy
- React - Complete Developer - Udemy
- Python Basics - Coursera
- Python Classes and Inheritance - Coursera
- Python Functions, Files, and Dictionaries - Coursera
- Data Collection and Processing with Python - Coursera
- SQL - Udemy

Achievements

- I successfully completed the "Programming in Java" course offered by NPTEL under IIT Kharagpur, which has significantly strengthened my understanding of Java programming and object-oriented concepts.
- I have successfully completed the Java Full Stack Developer certification offered by Wipro TalentNext
