

SUMMARY

“A passionate and motivated Computer Applications student with knowledge of Python, Artificial Intelligence, Machine Learning, Data Structures, and Database Management Systems. Interested in AI technologies, problem-solving, and intelligent systems. Eager to learn emerging technologies and contribute to real-world AI projects.”

EDUCATION

Indra Gandhi National Open University

Bachelor's Degree in Computer Application (IGNOU)
2023 – 2026 (Expected)

Central Board Of Secondary School

12th
2021-2022

Indian Institute Of Computer Science

Advance Diploma In Computer Engineering
2022-2025

BASIC SKILLS

- WORD
- EXCEL
- POWERPOINT

LANGUAGE

- ENGLISH
- HINDI

PROFESSIONAL EXPERIENCE

Deloitte Australia Technology Job Simulation on Forage June 2025 (Internship)

APRIL 2025-JUNE 2025

Completed a job simulation involving development and coding Wrote a proposal for creating a dashboard.

IT SKILLS

- PYTHON
- MACHINE LEARNING BASIC
- HTML 5
- CSS 3
- ARTIFICIAL INTELLEGEENCE BASICS
- DATA STRUCTURE ALGORITHM
- MYSQL
- LARAVEL
- C++
- JAVASCRIPT
- DBMS
- PROBLEM SOLVING

PROJECT

- Portfolio (<http://webworld7860.netlify.app>)
- Built a personal portfolio website using React.js to showcase skills and projects.
- Designed reusable components with a responsive and user-friendly UI.
- Deployed the site on Netlify for live accessibility.
- E-Commerce Website
- Developed a functional online store with product browsing, shopping cart, and purchase system
- Used HTML, CSS, JavaScript, PHP, MySQL for full-stack development.
