SUMMARY

Full-stack web developer with hands-on experience in JavaScript, React, Node.js, and REST APIs. Built scalable applications including real-time collaborative systems and data-driven web apps. Strong problem-solving skills with interest in building production-ready software.

EDUCATION

Bachelors in Computer Science Engineering , Chandigarh University, Mohali |

Session:2022-2026 | CGPA : 7.36

Intermediate (CBSE) | Lord Mahavira Academy, Baraut | Session: 2020-2021 | Percentage: 80%

Matriculation (CBSE) | Lord Mahavira Academy, Baraut | Session: 2018-2019 | Percentage: 85%

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap, Responsive Web Design

Backend : Node.js, Express.js, REST APIs, Socket.IO , Azure

Database: MongoDB , PostgreSQL

Tools: Git & GitHub ,VS Code, npn

Programming & CS Fundamentals: C++, Data Structures & Algorithms,

PROJECTS

Real-Time Collaborative Code Editor | [Website](#)

Jan 2025

Implemented **WebSocket-based synchronization** using **Socket.IO** for low-latency updates across clients.
Designed **Node.js + Express backend** with CORS and event-driven architecture for efficient message broadcasting .
Integrated **CodeMirror** editor for syntax highlighting and collaborative typing experience.

Expense Tracker Web Application | <https://dhruv23malik.github.io/Monthly-Expense-Tracker/>

Mar 2025

A responsive web app that helps users **track daily expenses and monitor budgets** efficiently.
Implemented **CRUD operations** for adding, editing, and deleting expenses with **Express.js** and **MongoDB**.

Mental Health Mood Tracker

Developed a **full-stack web application** that enables users to **log daily moods** and **visualize emotional trends** using **interactive charts** and **personalized insights**
Implemented **secure backend APIs** with **Node.js** and **Express**, integrated **MongoDB** for **data storage**, and used **React.js** for an **intuitive, user-friendly interface**.

Internship & Experience

Epochfolio | Web developer Intrern | Jan 2026 - Currently Working

Developed and deployed the **main company website**, implementing responsive and user-friendly interfaces using **HTML, CSS, JavaScript, and React**.

Built and integrated backend functionality using **Node.js and Express.js**, ensuring smooth API communication

Collaborated with the team to implement product features and improve **website performance, usability, and scalability**.

EA SPORTS | Software Developer Intership | April 2025 - Oct 2025

Built a strong foundation in C++ and object-oriented programming while working on production-style game systems at a leading sports video game company, focusing on performance, scalability, and clean code practices.
