🔧 Professional Summary

Motivated and detail-oriented Fresher and M.Sc. Computer Science graduate with a strong foundation in front-end development and modern web technologies. Proficient in building responsive, user-friendly web applications using React.js, JavaScript, and Bootstrap. Experienced in delivering online technical training and continuously improving technical expertise. Eager to contribute as a Frontend/Web Developer while learning and growing in a dynamic software environment.

📚 Training & Self Learning

Frontend Development (Self-Learning) | 2025 – Present

- Practicing modern web development using HTML, CSS, JavaScript, and React.js
- Built multiple projects to strengthen practical understanding
- Learned component-based architecture, hooks, and API integration
- Regularly improving debugging and problem-solving skills
- Continuously learning new tools and best practices to stay updated with frontend development trends

🧠 Technical Skills

Frontend: HTML, CSS, Bootstrap 5, JavaScript (ES6+), React.js, React Hooks

Tools & Platforms: Git, GitHub, Prettier, Visual Studio Code

Core Concepts: Responsive Design, Component-Based Architecture, REST API Integration, Debugging, Version Control

📁 Projects

Portfolio Website

[myPortfolio](#)

- Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript.
- Implemented modern UI/UX principles and cross-device compatibility.
- Optimized performance and usability using AI-assisted debugging tools.

TextUtils

- Built a React-based text utility application for text formatting, analysis, and transformation.
- Implemented reusable components and state management using React Hooks.

NewsMonkey

- Developed a real-time news web application using React and external APIs.
- Implemented category-based filtering and dynamic content rendering.

🎓 Education

M.Sc – Computer Science

Maharshi Dayanand University, Rohtak | 2022 - 2024

B.Sc – Computer Science

Maharshi Dayanand University, Rohtak | 2019 - 2022

Diploma in Computer Applications (DCA)

Hartron Skill Centre, Faridabad | 2021 – 2022

🔑 Technical Interests

Web Technologies Learner : Actively learning and applying new tools, frameworks, and modern web technologies.

Frontend Development : Passionate about building responsive, scalable, and user-friendly web applications.

Data Handling & Analysis : Interested in organizing, analyzing, and interpreting data for better decision-making.

Analytical Thinker : Able to analyze problems logically and find effective and optimized solutions.

Problem Solving & Debugging : Enjoy identifying issues and improving application performance through efficient debugging.
