PROJECTS

CARTWISE – GROCERY PRICE COMPARISON PLATFORM (IN PROGRESS)

Tech Stack: Node.js, Express.js, MongoDB, Playwright

- Developing a web platform that compares grocery prices across multiple quick-commerce platforms.
- Implementing web scraping and automation using Playwright to fetch real-time product pricing data.
- Designing backend APIs for product comparison and search functionality.
- Working on scalable database architecture for handling product and pricing information.
- Focused on improving user experience with efficient product filtering and comparison features.

BLOGGING WEBSITE

Tech Stack: Node.js, Express.js, MongoDB

- Built a full-stack blogging platform with user authentication and authorization.
- Implemented features such as creating blogs, commenting, liking posts, and user profile management.
- Developed RESTful APIs for managing blog content and user interactions.
- Used MongoDB for storing user and blog data efficiently.
- Designed responsive frontend interfaces for seamless user experience.

RESTAURANT MANAGEMENT WEBSITE

Tech Stack: Python, Django, SQL

- Developed a dynamic restaurant website with authentication and cart management features.
- Integrated payment gateway functionality for online ordering and secure transactions.
- Implemented menu management and order handling functionalities.
- Built responsive pages to ensure compatibility across desktop and mobile devices.
- Managed backend operations and database connectivity using Django ORM.

LOST AND FOUND MANAGEMENT SYSTEM

Tech Stack: Python, Django, SQL

- Created a full-stack web application for managing lost and found items.
- Implemented authentication, CRUD operations, and email integration functionalities.
- Enabled users to report, search, and claim lost items through an intuitive interface.
- Developed secure backend logic for handling user data and item management.
- Designed a responsive and easy-to-use frontend for improved accessibility.

EDUCATION

- **Master of Computer Applications** | Chandigarh University, Mohali. (July 2024 - May 2026)
- **Web Development** | Techstack Academy, Delhi. (Jan 2023 - July 2023)
- **Web Designing** | Brilliko Institute of Multimedia. (Aug 2021 - Feb 2022)
- **Bachelor of Business Administration** | Panjab University, Chandigarh. (July 2018 - May 2021)

CERTIFICATIONS
