PROFESSIONAL SUMMARY

Passionate Frontend Developer and B.Tech CSE student with strong hands-on experience developing high-quality, responsive, and scalable web applications using React.js, JavaScript, Redux, HTML5, CSS3, Bootstrap, and jQuery. Experienced in designing and implementing user interface components and features, ensuring code quality, adhering to coding standards, and participating in code reviews. Skilled in troubleshooting and resolving technical issues efficiently while collaborating with cross-functional teams. Familiar with backend technologies including Node.js, Express.js, MongoDB, MySQL, and JSON-based REST APIs. Strong understanding of AJAX, UI development, and modern frontend best practices.

TECHNICAL SKILLS

Frontend & UI Development: React.js, JavaScript (ES6+), Redux, HTML5, CSS3, Bootstrap, jQuery, AJAX, JSON, UI Development

Frameworks & Libraries: React.js, React Native, Redux, Tailwind CSS, Bootstrap, AngularJS (familiarity)

Backend Technologies: Node.js, Express.js, PHP (basic), REST API Design, JWT Authentication

Databases: MongoDB, MySQL, SQL Server (familiarity)

Languages: JavaScript, TypeScript, Java (basic), C, Python, SQL

Code Quality: Code Reviews, Coding Standards, Debugging, Troubleshooting, Performance Optimisation, Cross-Browser Compatibility

Tools & Platforms: Git, GitHub, VS Code, Postman, Vercel, Render, Browser DevTools

Methodologies: Agile, Scrum, MVC Architecture, Responsive Web Design, Mobile-First Design

PROJECTS

MediLab+ — Scalable Medical Web Application [\[Live Demo\]](#) 2025

React.js, Redux, Node.js, Express.js, MongoDB, Bootstrap, CSS3, JSON, REST API, JavaScript

- Developed high-quality, responsive, and scalable web application features using React.js — designing and implementing reusable UI components and features for patient, doctor, and admin interfaces.
- Ensured code quality and adhered to coding standards throughout; participated in code reviews and contributed to improving overall code quality achieving 99% Lighthouse accessibility score.
- Collaborated with cross-functional teams to identify and prioritize project requirements; troubleshoot and resolved technical issues across REST API integration and UI rendering efficiently.

AI Component Generator — React.js UI Development Tool [\[Live Demo\]](#) 2025

React.js, Redux, Node.js, Express.js, MongoDB, JavaScript, JSON, Tailwind CSS, Bootstrap

- Built a scalable React.js web application with Redux state management that generates responsive HTML/CSS/Bootstrap UI components from natural-language prompts — boosting UI development productivity by 80%.
- Designed and implemented user interface components with real-time preview using Monaco Editor; ensured code quality and adherence to modern frontend coding standards.
- Integrated JSON-based REST APIs using AJAX-style async calls; troubleshoot and resolved technical issues across API parsing, UI rendering, and state management.

Matchmaker CRM Dashboard [\[Live Demo\]](#) 2026

React.js, Redux, Node.js, Express.js, MongoDB, JavaScript, Tailwind CSS, JSON, REST API

- Developed high-quality, scalable CRM web application features using React.js and Redux — implemented clean UI components, responsive layouts, and JSON-based REST API integration with AJAX async data handling.

- Collaborated with cross-functional product and engineering requirements; participated in code reviews, ensured coding standards, and troubleshoot technical issues across frontend and backend integrations.
- Deployed on Vercel with Git/GitHub; implemented JWT authentication, role-based access, and Node.js backend.

Task Manager — Full Stack Web & Mobile Application
[\[Live Demo\]](#)
2026

React Native, Redux, Node.js, Express.js, PostgreSQL (SQL), JWT, JSON, Axios, JavaScript

- Developed responsive, scalable frontend interfaces using React Native and Redux with smooth navigation, light/dark mode, and cross-platform UI components following modern coding standards.
- Integrated JSON REST APIs using Axios (AJAX-style); troubleshoot and resolved technical issues across OTP authentication, task management, and SQL database queries.
- Participated in code quality reviews; managed Git/GitHub source control and deployed backend on Render.

ResumeGold — Resume Builder Web App
[\[Live Demo\]](#)
2025

HTML5, CSS3, JavaScript (ES6+), Bootstrap, jQuery-style DOM, JSON, GitHub Pages

- Developed a responsive web application using HTML, CSS, JavaScript, and Bootstrap — designed and implemented all UI components and features with clean, well-structured code adhering to coding standards.
- Used jQuery-style DOM manipulation and JSON data handling for live preview; troubleshoot and resolved cross-browser compatibility issues efficiently.

BeQuizyApp — Interactive Quiz Web App
[\[Live Demo\]](#)
2025

HTML5, CSS3, JavaScript, jQuery-style DOM, AJAX, JSON, Bootstrap, GitHub Pages

- Built a responsive, interactive UI-focused web application using JavaScript, AJAX-style async data fetching, and JSON with jQuery-style DOM manipulation for timer, scoring, and answer review features.
- Ensured code quality and cross-browser compatibility; resolved UI rendering issues and optimised performance across all screen sizes.

EDUCATION

B.Tech – Computer Science & Engineering (CSE)
2023 – 2026

ANA College of Engineering & Management, Bareilly, Uttar Pradesh | CGPA: 7.53

Diploma in Engineering
2022

Government Polytechnic Bareilly | 70%

Intermediate / 12th
2023

Shiv Gyan Inter College, Bareilly | 70%

High School / 10th
2017

Janki Devi Inter College, Bareilly | 82%

CERTIFICATIONS

- O Level – National Institute of Electronics & Information Technology (NIELIT)
- CCC (Course on Computer Concepts) – NIELIT
