Education

Diploma in Computer Engineering

2023 - 2025

Jamia Millia Islamia, New Delhi

CGPA: 7.5 / 10

Summary

Detail-oriented Computer Engineering graduate with hands-on experience in Full Stack Web Development. Seeking an entry-level Web Developer or Software Engineer role to apply strong programming skills, problem-solving ability, and modern web technologies to build scalable and user-friendly applications.

Skills

Programming Languages: C, C++, Python, JavaScript, PHP

Frontend Technologies: HTML5, CSS3, JavaScript (ES6), Responsive Design

Databases: MySQL

Tools & Platforms: Git, GitHub, VS Code

Experience

Frontend Developer Intern

April 2025 – May 2025

Code Alpha, New Delhi

Selected for competitive Frontend Development Internship program.

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved UI performance and ensured cross-browser compatibility.
- Recognized for strong debugging and problem-solving skill.

Projects

Professional Portfolio Website

March 2025 – July 2025

- Create and developed a fully responsive single-page portfolio application showcasing projects and technical skills.
- Implemented interactive features including dark mode toggle, smooth scrolling, and animated transitions.
- Applied modern CSS techniques (Flexbox, Media Queries) to ensure cross-device compatibility.
- Optimized page performance through semantic HTML and efficient styling architecture.
- Enhanced and maintained the project using GitHub with structured version control practices.

Feel Me – Emotion-Based AI Chatbot

HTML, CSS, JavaScript, PHP, MySQL, Gemini API

Oct 2025 – Dec 2025

- Designed and implemented an AI-powered chatbot integrating Gemini API for intelligent and contextual responses.
- Expanded text-based emotion detection logic to personalize chatbot replies.
- Built backend functionality using PHP to handle API communication and data processing.
- Designed and structured MySQL database for storing user interactions and chat logs.
- Executed real-time response handling to enhance conversational experience and usability.
- Ensured efficient request handling and optimized backend performance.

Awards & Certifications

- Microsoft Learn Student Ambassador– Microsoft (2025): Selected as a Microsoft Learn Student Ambassador, representing Microsoft Learn initiatives on campus. Participated in technical learning paths, workshops, and community-driven programs.
- JavaScript Fundamentals – GreatStack: Completed foundational JavaScript training with practical coding exercises
- Secured 97.66 percentile in Naukri Campus Young Turks 2025 – India's largest skill contest
- Successfully completed Frontend Development Internship with industry exposure.
