

SATHISH G

IT Professional (Fresher) | Frontend Development | Java | Problem Solving

Chennai, TN | +91 9363123578 | gsathish1812@gmail.com | github.com/gsathish1812-collab | linkedin.com/in/sathish-g-35b44525a

CAREER OBJECTIVE

Final-year ECE graduate with hands-on frontend development experience and a strong foundation in Java, OOP, and computer networks. Seeking an entry-level IT role (software development, testing, or support) at a service-based organization. Delivered two live-deployed web projects with REST API integration. Currently upskilling in React.js. Eager to contribute, learn, and grow within a technology-driven team.

TECHNICAL SKILLS

Languages	Java, JavaScript (ES6+)
Frontend	HTML5, CSS3, React.js (learning), Responsive Web Design, DOM Manipulation, Flexbox, Media Queries
Database	MySQL (SQL – CRUD, Joins, Subqueries)
Concepts	REST API Integration, JSON Parsing, Async JS (Fetch API), OOP, Data Structures (basics), Computer Networks, Problem Solving
Tools	VS Code, Git, GitHub, Netlify

PROJECTS

Responsive Gym Website | creative-sopapillas-b376b4.netlify.app | HTML · CSS · JavaScript

- Built a fully responsive multi-section website using vanilla JS, CSS Flexbox, and media queries — mobile-first design, cross-browser compatible.
- Deployed on Netlify, demonstrating end-to-end frontend delivery from development to production.

Dynamic Weather App | weather-app1812.netlify.app | HTML · CSS · JavaScript · REST API

- Fetches real-time weather data from OpenWeatherMap REST API using async JS (Fetch API), parsing JSON to show live conditions and 5-day forecast.
- Implemented dynamic UI theming and real-time clock — fully production-ready, demonstrating API integration and DOM manipulation skills.

EDUCATION

B.E. Electronics & Communication Engineering

2022 – 2026

St. Joseph's Institute of Technology, Chennai | CGPA: 7.3 / 10

Higher Secondary Certificate (HSC) | 2022 | 78%

Secondary School Leaving Certificate (SSLC) | 2020 | 72%

INDUSTRIAL TRAINING

Industrial Trainee — ZF Group, Chennai | Jan 2026 – Feb 2026

- Gained exposure to industrial automation, manufacturing workflows, and quality control in a Tier-1 automotive environment.
- Strengthened analytical, reporting, and teamwork skills in a professional setting.
