Professional Summary

Aspiring Full Stack Developer with practical experience in MERN Stack, Next.js, and AI-based web applications. Proficient in JavaScript, React.js, Node.js, Express.js, MongoDB, Git, GitHub, and Microsoft Excel. Eager to apply technical and problem-solving skills to build scalable and user-friendly software solutions.

Technical Skills

- **Programming Languages:** JavaScript, HTML5, CSS3
- **Frontend Technologies:** React.js, Bootstrap, Tailwind CSS
- **Backend Technologies:** Node.js, Express.js
- **Database:** MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code, Microsoft Excel
- **Other Skills:** Problem Solving, Debugging, Team Collaboration, Leadership, Communication, Adaptability

Experience

Full Stack Developer Intern

Sep 2025 – Feb 2026

UpMind's Future Solution

Wardha, Maharashtra

- Contributing to the “Resume Gen-AI” project, developing and integrating AI-based features for automated resume generation.
- Building responsive and interactive web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS.
- Developed 5+ JavaScript mini-projects to improve UI functionality and user interaction.

Projects

AI Short Video Generator | *Next.js, AI Integration*

- Developed an AI-powered short video generation platform as a group mega project using Next.js.
- Implemented features for automated script generation, video creation, and responsive user interface design.
- Collaborated with team members in project development, debugging, and feature integration.

EDUFLIX - Educational Platform System | *JavaScript*

- Developed a frontend-based educational platform as a mini team project for delivering learning content and tutorials.
- Designed responsive user interfaces for course browsing, video learning, and progress tracking features.
- Collaborated with team members in UI development, testing, and project presentation.

Food Delivery Web Application | *MERN Stack, Stripe*

- Developed a full stack food delivery web application with responsive user interface and dynamic food browsing features.
- Integrated Stripe payment gateway for secure online payments and order processing.
- Implemented user authentication, cart management, and order handling using MongoDB and Express.js.

Education

B.Tech in Computer Engineering (CGPA: 6.50)

2022 - 2026

RTMNU Nagpur University

Nagpur, Maharashtra

HSC (MSBHSC) - Bajaj College of Science, Wardha

2022

SSC (MSBHSC) - Vikas Vidyalaya, Kangaon

2020

Certifications

- **MSIT Services-CMS:** Web Development
- **IBASE Technology:** Android with IoT
- **IBM:** Create a Voice Assistant with OpenAI's GPT-3 and IBM Watson
