▼ Objective

An enthusiastic civil engineer, capable of overseeing all aspects of construction and coordinating with subcontractors and suppliers to ensure project milestones are met.

▼ Skills

- **Budget Control: Variance Analysis** Regularly compares actual spending against the budgeted amounts to identify variances. Analyze the reasons behind these variances to take corrective action.
- **Cash Flow Management:** Monitor cash inflows and outflows to ensure that the project remains financially viable throughout its duration.
- **Knowledge of Construction Materials and Methods:** Understanding of construction materials, techniques, and industry standards to accurately assess material requirements and costs for different types of projects.
- **Software Proficiency:** Familiarity with estimation and costing software tools, such as Excel, to create detailed estimates, perform cost analyses, and generate reports.
- **Reading and Interpreting Drawings:** Ability to read and interpret architectural and engineering drawings, specifications, and contract documents to extract relevant information for cost estimation.
- **Market Research and Pricing Analysis:** Skills in conducting market research and analysis to identify current market prices for materials, equipment, and labour, and to negotiate competitive rates with suppliers and contractors
- **Site Supervision:** Experience in overseeing construction activities on-site, ensuring compliance with safety regulations, quality standards, and project specifications.
- **AutoCAD:** Familiarity with CAD software like AutoCAD.
- **Problem-Solving:** Strong analytical and problem-solving skills to address challenges that arise during construction and propose effective solutions.
- **Communication Skills:** verbal and written communication skills to collaborate with team members, contractors, and clients, as well as to prepare reports and documentation.
- **Attention to Detail:** Ability to pay close attention to detail to ensure accuracy in project plans, drawings, and specifications.

▼ Education

- Completed a bachelor's degree in civil engineering at BGS Institute of Technology, **Adhichunchanagiri University** with **6.30** CGPA.

▼ Academic projects

- **"Use Of Plastic Bottle in a Dense Bituminous Macadam Layer of Flexible Pavement"** test conducted from Vidyavardhaka Engineering College in Mysore.
- Technical seminar on **" Study On Super Adobe Technology"**

▼ Internships

- An internship on **"Construction of a Commercial Building & Execution of Work on Site according to Plan"**(2025).
- An **Extensive Survey Project** in **6th semester** in bachelor's in civil engineering as a part of academics at MANDYA(2023-2024).

▼ Courses

- One day workshop on **"AutoCAD-2D(Workshop)"** in association with **Learn Delta** Online course (2025).

▼ Personal Information

➤ **HOBBIES**

- Travel, Badminton, Driving & Riding.

➤ **STRENGTHS**

- Ability to work by myself without the need for constant supervision.
- Able to work harmoniously with other members of the team.
- I have good leadership qualities in handling people.
- An ability to grasp contents quickly and quick learning ability for new concepts.
- Willingness to do work in abroad.

▼ Declaration

- I hereby declare that the above furnished details are true to the best of my knowledge and belief. A chance may be given for me to serve in your great organization & I will do my best.
