SUMMARY

B.Tech Computer Science and Business Systems graduate with hands-on experience in full-stack web development. Proficient in React.js, Node.js (Express.js), MySQL, and Flutter. Passionate about building clean, user-focused projects with a strong problem-solving mindset and effective communication skills.

WORK EXPERIENCE

Full Stack Developer Intern | CloudRule Technologies 2026

- Built a dynamic website with admin access using React.js, Node.js (Express.js), and MySQL.
- Developed RESTful APIs and integrated them with a responsive React front-end.
- Managed database design and queries using MySQL Workbench.

PROJECTS

RoyalSeaFoods – Mobile Application (Flutter)

- Developed two Flutter mobile apps — an Admin App and a User App for a seafood business.
- Designed and implemented the complete UI using Flutter, ensuring a smooth and intuitive experience for both admin and end users.
- Admin app supports order and inventory management; user app handles browsing and ordering.

Dynamic Website with Admin Panel (React.js / Node.js / MySQL)

- Built a full-stack dynamic website during internship at CloudRule Technologies.
- Implemented admin dashboard with CRUD operations, user authentication, and data management.
- Used MySQL Workbench for database design and Node.js/Express.js for backend APIs.
