

VIVEK KARIYA

Junior Full-Stack Developer · Software Engineer · BCA 2026

+91-9428531640 · vivekkariya22@gmail.com · [LinkedIn](#) · [GitHub](#) · [Portfolio](#) · Babra, Gujarat

PROFESSIONAL SUMMARY

BCA graduate (2026, 79.82%) with hands-on full-stack development experience across the complete SDLC — from database design and REST API development to responsive UI, authentication, and production deployment. Independently built 3 production-ready applications using Python, PHP, React.js, Next.js, Node.js, MySQL, PostgreSQL, and Supabase. Integrated third-party APIs (OpenAI, Claude, Google Drive, YouTube) to deliver AI-powered features. Holds 25 verified industry certifications across Generative AI, Cybersecurity, and Data Science. Seeking a Junior Developer role to contribute to impactful products at a growth-oriented organization.

TECHNICAL SKILLS

Core Skills	Full-Stack Development · REST API Design · Database Design · RBAC & Authentication · Version Control (Git/GitHub) · Production Deployment (Vercel)
Frontend	React.js · Next.js · HTML5 · CSS3 · Tailwind CSS · Bootstrap
Backend	Node.js · Express.js · Django · Flask · ASP.NET · PHP
Databases	MySQL · PostgreSQL (Supabase) · MongoDB · SQLite3
Languages	Python · JavaScript · PHP · C# · Kotlin · C / C++
Tools	Git · GitHub · Vercel · VS Code · XAMPP · Android Studio · Postman
Familiar With	Docker basics · REST API testing · Prompt Engineering · Generative AI APIs (OpenAI, Claude, Gemini)

EXPERIENCE

Full-Stack Developer · Freelance & Self-Initiated

Jan 2024 – Present

- Built 3 full-stack applications end-to-end — database schema, REST APIs, JWT authentication, responsive UI, Git version control, and Vercel deployment.
- Implemented 3-tier RBAC (User / Admin / Super Admin) for a multi-vendor e-commerce platform, supporting product management, order lifecycle, and seller workflows.
- Designed a dual-database architecture (Supabase PostgreSQL + SQLite3) providing cloud sync with an offline fallback, ensuring data continuity during network interruptions.
- Integrated third-party APIs — OpenAI, Claude, Google Drive, and YouTube — to deliver AI-powered content tools and cloud document management features.
- Maintained clean, documented codebases with descriptive Git commit history, modular folder structures, and comprehensive README documentation.

PROJECTS

Shakti POS & Inventory Management System — Python · Kivy · SQLite3 · Supabase (PostgreSQL)

- Developed a desktop point-of-sale app with real-time billing, automated low-stock alerts, and supplier/customer ledger management for small business owners.
- Architected a dual-database system (cloud + local) that maintains data availability during connectivity failures through automatic offline fallback and sync.
- Implemented automated daily sales reporting, reducing manual bookkeeping effort and improving inventory visibility for non-technical end users.

CRAFTZON — Multi-Vendor E-Commerce Platform — PHP · MySQL · HTML5 · CSS3 · JavaScript · XAMPP

- Built a scalable multi-vendor marketplace with RBAC (3 roles), dynamic product catalogue, full order lifecycle management, and normalized relational schema design.
- Implemented secure seller registration, product CRUD, order tracking, and role-specific admin dashboards — replicating real-world e-commerce workflows.

Teacher Learning Platform (LMS) — Next.js · Supabase · Google Drive API · YouTube API · Vercel

- Engineered a full-stack LMS with course creation, Google Drive PDF storage, YouTube video embedding, student enrolment, and progress tracking.
- Deployed on Vercel with Supabase as the cloud backend; optimized for performance and scalability with server-side rendering via Next.js.

DEVELOPER PROFILE & HIGHLIGHTS

- ▶ 3 production-deployed full-stack applications

▶ 4 third-party API integrations (OpenAI, Claude, Google Drive, YouTube)

▶ RBAC authentication systems with multi-tier access control
- ▶ Dual-database cloud + offline architecture (Supabase + SQLite3)

▶ 25 verified industry certifications (GenAI, Cybersecurity, Data Science)

▶ Codebase: github.com/kariya-vivek · Portfolio: vivek-portfolio-vk.vercel.app

EDUCATION

BCA – Bachelor of Computer Applications	Kamani Science College, Saurashtra University	2023–2026 79.82%
HSC – GSEB, Gujarat		2021–2023 96.34%
SSC – GSEB, Gujarat		2021 60.92%

CERTIFICATIONS

25 Verified Industry Certifications All Completed		
Microsoft & LinkedIn	Career Essentials in Generative AI · Ethics in GenAI · Microsoft 365 Copilot · Everyday AI Concepts (Apr 2026)	
Simplilearn	Intro to Generative AI Studio · Prompt Engineering · GenAI for Beginners · Gemini for Google Workspace (Jun 2025)	
Forage (Job Simulations)	Cybersecurity · Cybersecurity Analyst · Data Science · Generative AI · Strategy Consulting (Jan–Feb 2025)	
TCS iON	Communication · Business Etiquette · Interview Skills · Presentation · Professional Soft Skills (Jun–Jul 2024)
